(React JS)

Ahmed Ismail

Web developer | Computer and Communication Engineering Student
الاسكندرية الاسكندرية مصر

موجز

Passionate Computer and Communication Engineering student with a strong focus on web development. I specialize in building clean, responsive, and interactive websites using modern technologies like HTML, CSS, JavaScript.

I enjoy turning ideas into real-world digital solutions — from elegant front-end interfaces to efficient back-end systems. I'm always eager to learn, collaborate, and grow through challenging projects and new technologies.
